

Social Work and School Law

Meets WA State Certificate Requirements
for School Social Work

Instructor

Corrine Anderson-Ketchmark, MSW

Former Executive Director of the Washington Association of School Social Workers

SOWK 559 (4 credits)

School Social Work and School Law

Prerequisite: baccalaureate degree

This course will **cover** Federal and State legislation as well as local policies which affect the role of the social worker in the public school. We will review how the school system functions as a part of our total society.

The course will **include** how social work knowledge, skills and values provide an ecological approach to preventative, crisis and restorative care for school children and their families. The **new School Social Work National Model of Practice** along with the **principles of Compassionate Schools** will be the frameworks from which this course will provide the application of effective School Social Work practice.

Available On-Line
Winter 2014 & Summer 2014
